#63

A FLYING SAUCER REPORT

This is being dictated into the machine 16,000 feet over the southwest corner of Idaho on the way from Salt Lake City to Seattle, Washington where I will speak at the University of Washington.

Looking down at so much of the earth from such a God-like vantage point, I have been considering the insanity of humanity.

If there really are flying saucers and they are piloted by creatures from outer space who come to investigate us, can you imagine the difficulty they must have when they get back to their headquarters in some far galaxy and try to report the situation of the creatures populating the planet earth?

The visitors from outer space would have to report that there are literally billions and billions of creatures called human toiling and laboring and struggling all over the entire surface of the globe to produce some truly amazing developments.

From outer space, we must look like ants swarming all over a giant medicine ball. There is nothing really amazing about this--the amazing thing is that the investigators from outer space would have to report that all this huge mass of crawling creatures are working for the exclusive benefit of a relatively tiny gang of creatures who do very little actual work--the creatures called "Jews".

Between 15 and 20 million Jews have got almost all the gigantic masses of the earth toiling for them.

But this is still not the ultimate wonder which would have to be reported by the saucer men.

They would have to report that these creatures called "Jews" have ACTUALLY SUCCEEDED IN GETTING THEIR MISERABLY EXPLOITED SLAVES TO LOVE THEM!

This whole train of thought has given me what may be a very pregnant idea. If there are no people on the moon when we get there and conditions are too rough for ordinary human beings, and we wish to colonize the moon, I suggest we merely pile up a few hundred thousand dollar's worth of gold on the moon and come on back home. The next expedition to the moon will find the place swarming with Jews. Half of the hebes would undoubtedly have set up investment banking firms and hot shoppes. The other half would undoubtedly have a Communist Party headquarters all ready for the Gentile workers when they arrive.

With their usual foresight, I also believe the Chosen Ones would detatch a couple of hebes to be "conservatives" so that they could run for preside later when the hock shop operators and Red Jews have the population of the moon in utter turmoil.

It's working great for the kikes here--I see no reason why it won't work fine on the moon too.

WHO NEEDS NIGGERS?

There is a nightmarish aspect to the approaching world race war we have so often warned of and which is getting so close.

The white man is only 1/7th of humanity and his strength, as the strength of a human compared to that of a beast, depends on his brains, his technology and equipment, rather than his brute strength or numbers.

On the other hand, colored humanity is swarming in such fantastic numbers in China and Africa, that the leaders in these countries are actually seeking methods for getting rid of millions of their own population.

These particular circumstances make hydrogen bomb warfare downright attractive to Chinese and African leaders. They have everything to gain and nothing to lose from such warfare. With the White Race, including Soviet Russia, the situation is exactly the opposite. We have everything to lose and nothing to gain from mass slaughter.

I do not believe, and I have never believed, that there is any real danger of Russia unleashing an atomic war. But I do most definitely believe that Red China and some of the "emerging African nations" are indeed planning atomic warfare and will launch it as soon as ever they are able.

I further believe that Soviet Russia--led by White Men--is more horrified of this prospect than our sleepy Americans.

Thus, I again repeat my strong difference with most of the rest of the American right wing that the feud between Red China and Soviet Russia is a "fake" as is the musical comedy between Tito and Khruschev.

I believe the battle of Armageddon will be the millions of the colored world against the elite of the White Man--and that ideological, economic and philosophical issues will play little or no part in it. The issue will be Black sub-humanity armed with infinite destructive powers of hydrogen bomb warfare against the tiny minority of White people who cannot afford sustained bloodshed in the millions and millions, such as China and Africa want them.

It, therefore, behooves us to put down the worldwide Black uprising before China gets that H-bomb!

POOR, PERSECUTED JEWS

The New York Jewish Examiner reports the Jews are suffering a very serious new problem.

MORE THAN 75% OF AMERICA'S YOUNG JEWS ARE IN COLLEGES!

As a result of this fact, complains the Jewish Examiner, there is an employment problem for these highly educated swarms of young Jews pouring out of our colleges and universities.

America is over 98% non-Jewish. Yet less than half of one per cent of young non-Jews ever get to go to college. With three out of every four Jews getting a college education, the Jews are therefore crowding into the highly paid professions and businesses in such massive numbers that it is producing a reaction.

These hundreds of thousands of egg-head Jews cannot be expected to actually work, explains the Jewish Examiner, since they are highly trained "experts"--doctors, lawyers, technicians and general wizards.

The only solution, as usual, is to push all the non-Jews out of these professions and fill them up with Jews.

This is precisely what is happening and will happen at a tremendously accelerated pace in the next five or six years.

This is precisely what happened in Germany and what put Adolf Hitler into power.

America has had almost enough. Wait until America reaches the saturation point, as Germany did, when almost ALL the doctors, lawyers, professors, writers and other professional men were Jews and Jews and MORE Jews!

We will make honest liars out of these Jews with their "six million gassed" story yet!

JEWISH JUSTICE

Douglas MacArthur was fired after a lifetime of heroic service to his country--because he "disobeyed orders".

General Edwin Walker was also fired, also after a lifetime of patriotic service, because he "disobeyed orders".

The same people who have been so brutally firing patriotic American military heroes for obeying orders have been hanging, shooting, torturing, imprisoning and smearing White Christian German anti-Communist patriots precisely because they DID obey orders.

IS ED FIELDS ACTUALLY SAMMY DAVIS, JR. DISGUISED IN WHITE - FACE?

The above title, I am sure, will be recognized by all readers as a jest. Our mail has been overwhelmingly in favor of not perpetuating the bickering started up again by Fields with his headline, "Is Lincoln Rockwell a PIMP for the FBI?", but I could not resist poking fun at this sort of foolishness but with no intent of trying to get anybody to believe that Fields is actually Sammy Davis, Jr. in disguise.

However, there continues to be so much misunderstanding of the FBI and its agents--and my attitude toward them--that I feel it is worth while reviewing THE FACTS on this organization for sincere American patriots.

Let me start out by emphasizing that the Justice Department is LOADED with Jews of the greaziest and most vicious kikes. When I have gone to the Justice Department to protest the atrocious violations of OUR "civil rights"--such as when our men were thrown in prison for five months in Philadelphia for trying to picket Gus Hall and being attacked by 2,000 blood thirsty Jews--I have encountered nothing but niggers, Jews and supercilious college smart alecks who made their bias and prejudice clear--and disgusting--from the moment I walked in their offices. It is the Justice Department which is charged with PROSECUTING the spies and Communists turned up by the FBI--and which consistently fails to do its duty. I will heartedly agree with any patriot, North or South, that Bobby Kennedy and his Jewized Justice Department, liberally peppered with the black burr heads of his nigger lawyers, is an abomination in our midst.

But at the same time, I most devoutly believe that the anti-Communists, the right wing, the racists and those of us who are fighting for a White, Christian dominated America, MUST BE SCRUPULOUSLY CAREFUL OF OUR FACTS!

When we make false and wild charges which can be easily disproved--WE DISCREDIT ALL THE MOUNTAINS OF REAL FACTS AND EVIDENCE WHICH PROVE OUR CASE THAT COMMUNISM AND RACE-MIXING ARE JEWISH. When we call Gus Hall, whose real name is Hallberg, a "Jew"--when he is actually a Finn, even though his name is Hallberg, we are letting ourselves wide open to the very thing the Jews accuse us of--being irresponsible spreaders of false charges. The evidence that Hall is NOT a Jew is overwhelming, and it can easily be proved in public debate if necessary. Any right-winger who crawls out on a limb and tells the public that Hall (berg) is a Jew, is begging to have the limb sawed off by some smart aleck liberal Jew or nigger who can thus discredit EVERYTHING ELSE WE SAY.

I have learned this the hard way. Some of our young men have gone to jail for distributing material put out by patriotic groups which I presumed was authentic. But when the chips were down, in a court room, the documents to back up the statements did not exist. In short, we cannot defeat the world's greatest liars by being liars or sloppy researchers ourselves. Our side is the side of TRUTH, and we must stick to the truth even when it sometimes hurts.

Such a case when the truth hurts exists with the Federal Bureau of Investigation. I am not "afraid" of the FBI. I seek no favors from the FBI. The FBI has never offered me any favors and I am sure it never will. But I nevertheless refuse to be stampeded into the ranks of those who hate and curse the FBI for investigating civil rights cases in the South.

For years, the South and the whole United States allowed evil laws--particularly the Fourteenth Amendment, which attempts to make American citizens out of African cannibals--on the statute books. As long as that evil law is on the books, if one believes in the Constitution and law, rather than government by whim, one cannot in good conscience curse law enforcement officers for enforcing a law which is still on the books. The proper remedy is TO GET THAT LAW OFF THE BOOKS BY CONSTITUTIONAL AND LEGAL ACTION. So far as I know, there is no effort whatsoever outside of the American Nazi Party to get rid of the insane 14th Amendment and its provision of citizenship and "civil rights" for cannibals. Thus the South places itself in an absolutely untenable legal position. It not only claims that it demands absolute and letter-perfect compliance with the Constitution by the Federal Government (which is right) but it also claims the right to circumvent and cheat the Constitution and our own laws by denying the public rights of these wretched black "citizens" in our midst.

Either you believe in law or you do not. If you believe in law, you enforce even laws you do not like personally and you do not complain when law enforcement agencies stick precisely to the law. If you do not do this, then "law" means absolutely nothing because any group of men can and will violate those laws they do not like. This is the situation in the South American mongrel nations where there is no order or discipline. I despise all laws which give equal rights to both half-ape Negroes and White Christian Americans. But as long as they are laws, I believe it is wrong to try to circumvent those laws by illegal, unlawful and often violent methods.

Let me make it clear that I thoroughly understand that the South simply CANNOT permit another reconstruction period of nigger rule. But we do not have free choices in the matter. We can either believe in dictatorship and violence and simply violate the laws for our own convenience--or we can uphold the laws and change, by legal processes, those laws which are evil and vicious. We cannot claim to be ardent Constitutionalists and states' rightists and at the same time claim the absolute right to circumvent and violate the Constitution itself and the laws which are derived therefrom.

With that matter, I hope, cleared up, let us proceed to the next step in examining the FBI, its functions, and our relationship to it.

First, lets begin with fundamentals. In the jungle, almost any animal will chase any other animal which runs away from it in panic. This is an almost irresistible impulse and instinct in all creatures. This instinct is especially developed in police officers and other law enforcement officials. From long experience with criminals and guilty persons, they naturally pursue whatever runs. When you try to avoid and dodge law enforcement officers, you will find they take it as a challenge and an indication you are or might be quilty of something and they will pursue you. If, further, you act in an arrogant and nasty manner toward them, they have a natural tendency to presume you hate them for the same reasons criminals and other guilty persons hate them--because you are guilty of something. When you adopt precisely the same attitude toward the FBI of Communists and criminals, you should not wonder that the FBI has a tendency to suspect that you are some kind of subversive or criminal yourself.

Surely I am as radical and notorious a "hate monger" as any man in America. The FBI has investigated me, followed me, and visited me for more than six years now.

But I never run from them. I never dodge or act in an evasive manner. I always treat them with absolute professional courtesy and respect, since I respect the law and the officers who are empowered to enforce it.

The FBI has never once acted in an unprofessional or vicious manner toward me or any of our people. As soon as they learned, after the first year or so, that I would hide nothing, would not run, would not evade, and would treat them courteously, they disappeared more and more from the scene of our activities. They know from long experience that we will not break the law or tolerate law-breaking by others. They know that if they want to learn what I am doing, they do not have to sneak--they have only to ask me.

The key fact here is that in the past three or four years, not one single individual who has taken my advice and been frank and open and direct and courteous with the FBI has ever been harassed, lost his job, or otherwise suffered for acting like a law-abiding American.

The Bureau has never examined our files except for the application papers of all actual Party members, which is made clear in the application itself. We are not sneaks and I will have nothing to do with sneaks. I have literally dozens of Party members, whose names are on file with the FBI, who are filling good jobs all over the country--some with security clearances. If the FBI were the vicious organization some southern patriots truly believe, this could not possibly be.

If the FBI were a vicious and un-American organization, it would have long ago have framed a lot of us. It would be easy. Perjured testimony from five or six FBI agents would put myself or Edward Fields in prison for a long, long time. And it would be easy to plant "evidence"--as the Jews have actually done. The pressure on the FBI to "get" men like Fields and myself must be terrific. But we have not been "gotten" and, I believe, will not be so long as we do not break the laws. We suffer legal harassments, of course, but they are not from the FBI. Recently, Edward Fields faced Chief Justice Warren and the Supreme Court charged, not by the Federal Government, but by his own White Christian State of Alabama which was trying to put him in jail. Defending him was a Negro lawyer from the NAACP, a Jew lawyer from the ACLU, and another Jew lawyer from the Justice Department. I realize that these organizations and the Federal Government, in this case, was USING Fields, but the fact remains that it was Warren and the Federal Government which kept Fields out of jail when the White Christian Government of Alabama was trying to put him in for fighting for our race and nation in the city of Fairfield, Alabama.

I do not know of a single authenticated case of any patriot who is now in jail as a result of a frame by FBI agents. I do know of quite a few patriots in jail, right now, because of unprofessional local police departments in our good southern states.

The FBI has put literally hundreds and hundreds of Communist Jews and Jew spies in jail, in spite of efforts by the Justice Department to keep them out.

Every year, J. Edgar Hoover, in spite of tremendous pressure, puts out the FBI uniform crime reports, which prove overwhelmingly that more than 80 or 85% of serious crime in America is committed by Negroes.

Right after the assassination, a Jew in New York tried to put out all over America that he and Oswald were a couple of rightists who attended right-wing meetings before the President was shot --to smear the right wing. The FBI nailed this Jew creep and exposed his criminal lies all over the nation. (See our report on the assassination.)

J. Edgar Hoover has repeatedly fought even presidents of the United States over the issue of dealing properly with Jew spies like Harry Dexter White (Weiss), whom Truman promoted after J. Edgar Hoover told Truman that White was a Soviet spy. Hoover, in effect, called Truman a "liar" under oath before a Senate committee in public, over this issue.

Over the years, I have been interrogated by FBI agents all over America--and not once have I met the Jew or nigger agents I so often hear about. Maybe they are treating me with "kid gloves"--but I have simply never experienced the Harry Golden-type agents or the Sammy Davis-type either. Almost always, the agents I have met, and I have met more than a hundred, are clean-cut, wholesome-looking AMERICANS. I have never seen even one agent act in an unprofessional manner or "persecute" me the least bit. They are stern and professional and make it clear that if I break the law, I will go to prison. But they are just as clear that if I do not break the law, they will do what they can to protect my rights--and they have done just this on occasion when the southern city of New Orleans, for instance, threw us all in jail for picketing the NAACP and the communistic picture Exodus.

I am constantly attacked for my refusal to attack the FBI with the facts that J. Edgar Hoover often gets awards from Jew and nigger organizations.

I have never met Mr. Hoover personally. I should be proud to shake his hand, regardless of the curses of White Christian patriots who do not understand the situation. But I do believe that Hoover is playing a dangerous and deadly game--and has been phenomenally successful for many years now. His problem is to stay in there as head of the FBI and prevent the appointment of somebody like Adam Yarmolinsky. Such an appointment would be an unqualified catastrophe for America.

In order to stay in there, through one administration after another, Hoover HAS TO appear as an unimpeachable "American" in the present, brain-washed context of our Jewized society.

I am convinced he also permitted the Anti-Defamation League to write a chapter of his book, Masters of Deceit, for the same purpose. But these awards and this chapter in his book do not put anybody in jail. They do some damage, but nothing like what would occur if Mr. Hoover were replaced by some of the villains I am sure the administration would like to get on top of the FBI.

If YOU were the Director of the FBI, under men like Kennedy and Johnson, how would YOU stay in there? If you just once refused an award from some coon or Jew, or you did not keep up a good appearance of enforcing ALL the laws, not just the ones favoring White Christians, Kennedy or Johnson would have no trouble whatsoever in utterly discrediting you with the American public. And J. Edgar Hoover's immense power to do good lies strictly in his enormous support with the masses of Americans. If the Jews and niggers could destroy that, Hoover would be done for in a few days--as they crushed McCarthy.

Finally, I would advise FBI-haters to examine Communist literature. The Jews and Reds despise, hate and fear the FBI as much as they do the House Committee on Un-American Activities.

And to hate, despise, curse and defame ANYBODY who is hated and despised and feared by the Communists strikes me as foolish, if not suicidal.

I have talked to dozens of American patriots on how to deal with the FBI on a professional, candid and honest basis. Before they talked to me, these people believed the FBI was out to "get them" and harass them. Once I convinced them to stop running, ducking, sneaking and acting like criminals, they found they had no further difficulties with the Bureau.

I advise every good American patriot to TRY a different approach to the Federal Bureau of Investigation. Do not run from them; do not fear them; do not curse them or run away from them. Simply treat them professionally, courteously and honestly. The moment they find out you act in this manner, your problems with the FBI will be over.

When you act viciously and hatefully toward Bureau agents, you drive them straight into the arms of the Jews in the Justice Department and force them away from White Christian America. When you treat them decently and honestly, you force them to respect our side and, even if they are not won over immediately, at least they will not believe the Jew stories that we are all a gang of criminals, subversives and "bigots".

BIRCH RECRUITERS

Robert Welch's fanatic determination to love the Jews and niggers no matter WHAT they do or say to him (which is plenty), is a great boon to the American Nazi Party.

Wherever I have gone in the United States, I have found growing numbers of disgusted Birchers.

Welch has set up a sort of kindergarten and grammar school for anti-Communists. He does an admirable job of teaching the how and why and what of Communism and gets the students all fired up to discover the "WHO?".

But as soon as his students learn the first inklings of the Jewish nature of Communism and race-mixing and want to go on to "high school" and "college" of anti-Communism--Mr. Welch insists they are "neutralizers" and working for Moscow.

This does not endear him to his own people. They are quitting in large bunches and Welch's ravings about "neutralizers" are the predictable result.

Those Birchers who do not quit when they discover the swarms of Jews behind Communism and race-mixing get blasted and run out of the Birch Society by Mr. Welch himself for being "anti-Semetic neutralizers".

The frustrated and disgusted "graduates" of this Birch grammar school are natural and eager applicants for the American Nazi Party's "post-graduate college course" in anti-Communism.

In short, Welch has an excellent and efficient organization for gently nudging people awake and for organizing those who have just awakened. But, in view of the brutal facts, he is helpless to KEEP any but the stupid and blind. Those who have eyes to see and minds to think are not long in discovering that it is Mr. Welch himself who is "neutralizing" any effort to stop the vicious gang of Jew Communists and race-mixers who are destroying our nation and race.

However, he is performing a great service in recruiting for the American Nazi Party.

There is a great lesson in this.

There is actually nothing seriously wrong with this situation except the fact that there is great hatred on the part of Robert Welch for George Rockwell and anybody else who dares tell the truth about the kosher character of Communism and race-mixing. If there were quiet and backstage--but effective--cooperation between the two organizations, we would have precisely the sort of well-oiled machinery available to the enemy. The enemy has their "liberal" recruiting organizations and they filter the toughest and hardest core elements in these organizations on down the line until they get to the hard-core Communist Party or Zionist race-mixing organization.

Our side will either develop this sort of cooperation eventually--or we will perish.

DELICIOUS THOUGHT

More and more mature political observers are assuring us privately that they are as convinced as we are that we can win the governorship of Virginia in 1965.

One of these experienced men has pointed out to us an utterly delightful fact about which I will not comment in print, but which the reader should consider thoughtfully.

The Governor of a sovereign state has absolute pardon powers.

As I have preached from the very beginning, we will not violate one letter of the law.

On the other hand, if the Mau Mau-loving nigger leader, Medgar Evers, had been shot in Virginia, Mr. De La Beckwith probably would have been convicted on one day, then, as Governor, I would have gone down to the jail the next day and escorted Mr. Beckwith personally for a dinner in his honor at the Governor's Mansion.

As we have said many times, we will not violate the law. But in the sovereign state of Virginia, life for Communist, Jew, nigger agitators will probably be very exciting--and very short!

WOMAN-HATING FASHION DESIGNERS

I have often wondered why so much of the "high fashion" designed by the couturier are so utterly revolting and repellent to any real male.

A fellow passenger with me on an airliner one day got talking and revealed that he was one of the only gentiles in the "high fashion" business in New York.

He exposed the secret of the repulsive women's clothes for which rich people pay thousands of dollars.

They are designed by queers who hate women. Most of the male designers of women's fashions prefer plump young men, and are quite disgusted with femininity. It is no wonder that designs for the outer space monster-costumes they hang on women at exorbitant prices are atrocities and repellent to any real man.

My fellow passenger also revealed that the women in fashion designing, many of them, are lesbians who have no desire whatsoever to make a woman beautiful for men.

RIGGED POLLS

Once again the professional pollsters have proven themselves way off base.

In the Wallace primaries, they consistently down-graded George Wallace's share of the vote.

For those who still have naive faith in anything in our newspapers, let me explain from first-hand knowledge how these Jewish public opinion "experts" operate.

When I was in college, to help raise money I got spare-time work taking public opinion polls.

Along with a lot of other young men doing the same job, we soon discovered there was a "trick" in the job.

It is obvious in all such work there will always be some people who will sit in a park someplace and fill out some of the sheets themselves, rather than do all the running around and question-asking you are supposed to do.

The pollsters know this. A few honest polls guard against it. But most of them, and the ones we were taking, never questioned the authenticity of the sheets we turned in--SO LONG AS THE OPINIONS THEY REFLECTED WERE LEFTIST!

On the other hand, if you came in with a heavily rightist group of questionaires, you were accused of "faking".

The result was that we quickly learned you could fill in as many leftist questionaires as you wanted and get big pay for no work. If you took an honest poll and it turned out rightist, you either couldn't get paid or got into a fuss.

People being people, it didn't take long for most interrogators to get the idea.

Why do these professional pollsters not only permit such falsification--but promote it?

The idea of the Communists, Jews and their ilk, is to spread DEFEATISM among us. If enough people hear that a certain candidate is overwhelmingly popular while their candidate is nothing but a lunatic with no following whatsoever, many of the followers of the candidate so designated by the pollsters will not bother even to vote.

What we need is a right-wing millionaire to set up a RIGHT-WING poll to turn the tables on these Jew creeps and their phony polls.

NAACP... PLEASE NOTE!

For years now, whenever somebody did something very generous or noble, it has been customary for people to say to the kind benefactor something like, "That was mighty white of you, old man!"

This is obviously the rankest kind of discrimination--implying that being kind and noble is white, with the obvious opposite idea that being rotten and low is black.

Clearly the NAACP and Bobby Kennedy are going to have to do something about this outrage against colored citizens. From now on, whenever someone does a noble deed, Bobby Kennedy should have fully-armed Negro troops with gas masks and bayonets on hand to enforce a new Federal regulation that whenever someone performs a kind deed, all around should exclaim, "That was mighty black of him!"

"WHITE DEVILS", INC.

The Black Muslims never tire of raging about what a "devil" the White Man is.

On behalf of our forbears, as far as niggers are concerned, I plead guilty.

Our Viking ancestors used to call the apelike creatures they found in Africa the "blue people" or the "purple people". With pagan glee, they slaughtered these black half-apes just for fun.

They were much too disgusted by the repulsive appearance of the creatures even to enslave them and thus be forced to look at them.

In fact, our Viking ancestors were SO rough, tough and brutal that lesser races of men--including other White Men--all over Europe, cringed behind barred doors whenever Vikings were rumored to be nearby and prayed a very revealing prayer.

"LORD, SAVE US FROM THE FURY OF THE MEN OF THE NORTH!"

Just a little more time and it might be a good idea for Sammy Davis, Jr., Martin Luther Coon, Liver Lips Lewis, and some of these other purple people running around threatening our White Christian society to fall on their knees and start fervently repeating that prayer--"LORD, SAVE US FROM THE FURY OF THE MEN OF THE NORTH!"
